## 02 Clear Space

**Clear space is the minimum “breathing room” maintained around the Logo.**

To work out the clearspace take the height of the “A”, and divide it in half.

**(Clearspace = “A” Height /2)**

This area should be kept free of graphics, text and other marks. This space also defines the minimum distance from the mark to the edge of a border, page, screen, etc.

## 03 USAGE CASES

**The integrity of the Anuket logo must be respected at all times. Do not alter, recreate OR distort the mark in any way.**

Please use approved electronic art when reproducing the Anuket logo.

**SCALE** Do not play with the scale and perspective, or alter the proportions of the mark.

**ORIENTATION** Do not change the orientation of the mark by rotating it in any way.

**PROPORTIONS** Do not change the proportions of the logotype and mark.

**COLOR** Do not reverse, change, or add colors to the mark.

**EFFECTS** Do not add any effects such as a drop shadow, outline, etc., to the mark.

**MARK** Do not change the layout of the logo.

**CONTRAST** Do not use backgrounds that have the same colors used in the mark. Use the appropriate knockout mark on page 3.

**CONTRAST** Do not use backgrounds that are low in contrast, compromising its visibility. Use the appropriate knockout mark on page 3.

**CONTRAST** Do not place the mark on images that are too complex or too dark, compromising its visibility.

Lorem Ipsum is simply dummy text of the printing and typesetting industry. Lorem Ipsum has been the industry's standard dummy text ever since the 1500s, when an unknown printer took a galley of type and scrambled it to make a type specimen book. It has survived not only five centuries, but also the leap into electronic typesetting, remaining essentially unchanged. It was popularized in the 1960s with the release of Letraset sheets containing Lorem Ipsum passages, and more recently with desktop publishing software like Aldus PageMaker including versions of Lorem Ipsum.
