- [Linux Foundation Anti-Trust Policy No.](#)
- Recording Policies:
 - <https://zoom.us/rec/play/uMAuluyogG43EtWS4QSDAf4oW9XsKP2s1CQW-fYNzXu3VSIGN1L3Z7YSNOX-H7MYUyogBuINABoVavXq?autoplay=true&startTime=1589371628000>
- **Agenda Bashing**
- **Announcements**
 - M1 - Release Definition, 1 Feb 2022 - Approved by TSC
 - Fierce Technology Cloud Networking Blitz Week covered many interesting for us topics with a special session on Cloud Native applications in telco, and a session on Hybrid Multi-Cloud. The sessions are recorded and can be accessed by anyone who registers in <https://www.fiercedigitaltechevents.com/fiercedigitaltechevent/cloud-networking-blitz-week>
- **LINBIT documentation review - discussion**
 - Discussion about role LINBIT may play in Anuket based on provided documents and presentation by Joel Zhou
 - LINSTOR versus Ceph
 - [How does LINSTOR compare to Ceph? » LINBIT](#)
 - [DRBD/LINSTOR vs Ceph - a technical comparison » LINBIT](#)
- **Next release (Moselle) planning - Issue and PR review**
 - Next Milestone: M2 - Scope Freeze, 22 Mar 2022
 - Multi-cloud summary table and examples (PR#2676) (John Hartley)
 - Moselle Issues review and updates
 - Updates to [Moselle Specification Planning Dashboard](#)

Actions (from previous meeting):

1. John to add issue on APIs for multi cloud
2. All: review, update Issues, PRs and [Moselle Specification Planning Dashboard](#), start working on contents as discussed

Decisions:

1. Linbit (Joel)will help to review RM storage requirements when they are developed (John Hartley leading)
2. Linbit(Joel) to join RA-1 meetings regarding Linbit engagement (Karine, Cedric leading)
3. Linbit next step: engage with Kubernetes based RA-2

Minutes:
