Currently with LFN Legal. Anuket TSC reviewed standard CLA companies legal departments are questioning Section 3 "Grants and Patent License" 1. Section 3 "Grant of Patent License" is a copy of the same section of the ASF CLA . Are all the relevant FAQ explanations from the ASF CLA FAQ page applicable to the proposed Anuket CLA also? (I believe the answer is yes) 2. Is the Linux Foundation using a spec license in addition to the two CLA files you Michael Dolan commented: 1) Yes - we have not deviated or altered the core provisions of the Apache CLA - we simply changed the entity and signing structure for use in EasyCLA. 2) The specification for Anuket is CC-BY licensed. The Charter on the website (About->Charter) seems to be the wrong version.
