How to leverage RA1's GSMA conversion?

- Materials from Cedric
 - <http://testresults.opnfv.org/functest/gsma2.0.html#/following-oitf12>
 - http://testresults.opnfv.org/functest/oitf012_006.html#/whats-next
- We should follow the way how RA1 was done
- RC2
 - RC1 was considered as a good value add for GSMA.
 - Do we have the same statement about RC2
 - Recommendation from Cedric is to include selected parts of RC2 into the document
- It will take time

Anuket Assured

- We will use 10 - 15 minutes next week

AoB

- None
