

Anuket Charter and TSC Procedures revisions

- [Introduction](#)
- [References](#)
- [Ways of working](#)
- [Obsolete documents to comment](#)

Introduction

This page is created to provide a framework for the modifications of the Anuket Charter and the TSC Operational Guidelines. Both of these documents were inherited from OPNFV and had one set of editing. The final aim of this activity is to reach a TSC consensus and finally an approval on the content of the documents.

References

- [Changes of the proposed Charter compared to the previous OPNFV Charter](#)
- [Clean version of the proposed Charter](#)
- [Clean version of the proposed TSC Operational Guidelines](#)

Ways of working

- A copy of the proposed documents added to the following pages
 - [Anuket Charter proposal for commenting](#)
 - [Anuket TSC Operations and Procedures document proposal for commenting](#)
 - [Anuket Project Operations and Guidelines document for commenting](#)
- Please comment the text in the documents using the inline commenting feature of Confluence in a way that the whole text to be replaced is marked for commenting
- Propose a modified text in your comment if possible
- Once there is a consensus on the text to be modified it will be edited to the text

Obsolete documents to comment

These documents are the current Anuket Charter and TSC Operational Guidelines commented by the community. The commenting of the actual proposed document are in the following pages:

- [Anuket Charter proposal for commenting](#)
- [Anuket TSC Operations and Procedures document proposal for commenting](#)
- [Anuket Project Operations and Guidelines document for commenting](#)

These documents are kept in here to preserve the community comments of the original documents.

Please do not comment these anymore, but comment the referred pages instead. Any comments to this page will be deferred.
