15 min	☑ End User Advisory Group (EUAG)	Beth Cohen	Jim Baker reports that the charter is being updated to accommodate two EUA groups: Telco EUAG and Enterprise EUAG
	 the EUAG mission is clearly evolving from a support group for ONAP to something else. Should the EUAG and Anuket be better aligned? 		Beth Cohen reports:
			EUAG seeking better alignment with Anuket EUAG is publishing two white papers: NFV Testing and Automation Workload and Infrastructure Not many standards? Not fully baked - Anuket is well-positioned - focus on infrastructure State of AI and ML in the Industry Survey State of AI and ML in the Industry Survey State of AI and ML in the Industry Survey Anuket focus on AI/ML related infrastructure and testing Anuket folks can participate What is the TSC appetite for writing WP? Bifurcation of the community - interest in sharing research or opportunity to share user requirements.

10 min	 Workstream Leads/ Project PTLs standup ✓ RI-2 leadership gap Rihab Banday offered possible ways forward: Combine the RI2 project with the Kuberef project, given the fact that we have very limited resources. Keep the RI2 project as an umbrella project for different implementation flavours like Kuberef, Airship and distribute the tasks - this comes with an additional overhead of multiple meetings, etc. And again we have limited resources. ✓ Pod resources, refreshes, Redfish(es), other HW topics. 	Al Morton	Rihab Banday provided a summary - not many participants, little interest in leading
			Proposal: Alternate between Kuberef and Airship Installer (Airship meets bi-weekly). There will be Co-leads.
			Proposal adopted.
			RI-2 has been an implementation of cookbook based on RA-2, need to coordinate across the projects - would like to try this. Does it make sense based on RI-1??
			Both projects need to make sure that their specifica are represented in the documentation.
			Pod resources in active discussion now. 2021 budget utilization recommendations need discussion (hardware).
5 min	Status Updates	Trevor Bramwell	No pending IT updates Trevor Bramwell starting a conversation this week with
	 Linux Foundation Lab (Portland) hardware upgrade status LF IT/Infra update: (Aric Gardner, Trevor Bramwell) 	@ Aric Gardner	the associated parties around possibly moving resources Mid-Late April.

		re Agenda Topics: How do we figure out who are the WS stream leads AND PTLs in an aut omated way? Mark Beierl	

Outstanding Action Items

Need the statement of Business value (focused on the vendor community) from the Marketing WG. Brandon Wick Bob Monkman
For all PTLs - identify the Lab resources you are currently using! by 02 Mar 2021
Anuket Recruiting: Bob Monkman heads up the Anuket marketing group. We could invite him for a readout in 2-3 weeks from 23 Feb 2021. Bob Monkman

LFN Governing Board Member Committers Representative (LGBMCR)

Role:

- The role of the LFN Governing Board Member Committers Representative (LGBMCR) is to represent the committers and contributors to LFN projects at the LFN Governing board. The expectation of the LGBMCR is to attend all LFN Governing board meetings (and any appropriate ancillary meetings), gather input from the committer community for issues raised at the board level, and to communicate to the committer community key activities from board.
- LGBMCR is elected for the 1 year. Re-election is not possible.

Eligible candidates:

- · Candidates must be active committers to at least one LFN project.
- Candidates can self-nominate, or be nominated by other community members. In the latter case, candidates must accept the nomination before
 the election is conducted.
- Candidates must be an active committer to a LFN project which differs from the LFN project that the currently servicing LGBMCR is an active
 committer of.
