Functest does this now. Main challenge is how to deal with all these different releases in Anuket, starting with OS and K8s. May need 3 or 4 OS releases covered in a single A-release.</p> <p>Question about current community interest, limited to Train at present, but there is a spectrum of releases covered by parts of the community (Functest covers 6 OS releases, benchmarking tools can cover many releases because their API does not change much).</p>

Outstanding Action Items

- Need the statement of Business value (focused on the vendor community) from the Marketing WG. [Brandon Wick Bob Monkman](#)
- For all PTLs - identify the Lab resources you are currently using! by 02 Mar 2021
- Anuket Recruiting: Bob Monkman heads up the Anuket marketing group. We could invite him for a readout in 2-3 weeks from 23 Feb 2021 . Bob Monkman Brandon Wickgave the readout.
- Need to do a poll, following a survey for M-release names. Could choose ALL the names, if that's simpler!

LFN Governing Board Member Committers Representative (LGBMCR)

Role:

- *The role of the LFN Governing Board Member Committers Representative (LGBMCR) is to represent the committers and contributors to LFN projects at the LFN Governing board. The expectation of the LGBMCR is to attend all LFN Governing board meetings (and any appropriate ancillary meetings), gather input from the committer community for issues raised at the board level, and to communicate to the committer community key activities from board.*
- *LGBMCR is elected for the 1 year. Re-election is not possible.*

Eligible candidates:

- *Candidates must be active committers to at least one LFN project.*
- *Candidates can self-nominate, or be nominated by other community members. In the latter case, candidates must accept the nomination before the election is conducted.*
- *Candidates must be an active committer to a LFN project which differs from the LFN project that the currently servicing LGBMCR is an active committer of.*
